

SHUT IT DOWN! FOR PALESTINE

MON. APR 15

**WE WILL BE CLOSED
ON APRIL 15TH FOR THE
INTERNATIONAL DAY OF ACTION:
SHUT IT DOWN FOR PALESTINE**

Since October 7, Israel has carried out a genocide against the Palestinian people in Gaza with the full support of the United States. Over 35,000 Palestinians have been killed, almost half of them children. The United States is the number one funder for Israel and pays for the weapons and equipment Israel uses to massacre the Palestinian people. Every year, \$118,929,729 of New York City tax dollars is given to Israel for military funding used to kill Palestinians.

There will be no business as usual while the US and our city bankrolls the genocide of the Palestinian people. Shut it down for Palestine!
